**Dear**
**HR Manager,**

I am writing to express my strong interest in the Software Engineer Intern position at your Company. As a highly motivated and detail-oriented Software Engineer student with a passion for software development, I am eager to contribute my technical skills and enthusiasm to your dynamic team.

Currently pursuing a BSc. (Hons) Information Technology at SLIIT, I have gained a solid foundation in software engineering principles and programming languages such as Java, C, kotlin, JavaScript, HTML, CSS, PHP and C++. My academic coursework has provided me with hands-on experience in software design, algorithm development, and debugging. Additionally, I have successfully completed projects that demonstrate my ability to apply theoretical knowledge to real-world scenarios.

Enclosed is my resume, which provides further details about my education, skills, and experiences. I would welcome the opportunity to further discuss how my qualifications align with the needs of your team in an interview. Thank you for considering my application. I look forward to the possibility of contributing to the success of your Company as an intern.

Sincerely,

**PIYUMAL MADHUWANTHA**
